

Sonoma Clean Power offers incentives in the form of loans and/or rebates to residential customers in Sonoma and Mendocino Counties who are improving the energy efficiency of their homes by purchasing and installing efficient appliances and equipment.

0% Loans Available up to \$10,000

- Loan applications and agreement must be completed **BEFORE** a project begins.
- Applications are available and completed online.
- Responses are sent within three business days for all applications.
- Projects must be completed by an SCP financing approved contractor.
- Our Advanced Energy Center team is here to help!

Visit the Advanced Energy Center website for more information scpadvancedenergycenter.org/financing or email advancedenergycenter@sonomacleanpower.org or call 707-708-0444.

Eligibility Requirements for SCP Rebate

- Installation address must be an SCP residential account.
- Project installed must be after May 13, 2022.
- Contractor performing install must have active Contractor State License Board number.
- Follow the steps below to apply for a rebate.

Steps to Apply for SCP Rebate

1. **Select** a contractor to install equipment and ensure work is properly permitted.
2. **Verify** equipment meets the qualifications for SCP rebate using Table A.
3. **Complete** installation and receive a final building permit.
4. **Compile** required documentation detailed in Table A.
5. **Complete** a "Claim Rebate" form online to initiate the rebate request.
scpadvancedenergycenter.org/claim-rebate
6. **If approved**, a rebate check will be sent within 6-8 weeks of a complete and approved submission.
 - If, for any reason, documentation is incomplete, our team will contact you with follow-up requests or questions.

Our Advanced Energy Center administers SCP incentives and rebates. For any questions, please contact advancedenergycenter@sonomacleanpower.org or call 707-708-0444.
